CHERRY BLOSSOM

Deodorizer

Product Description

CHERRY BLOSSOM is a non-aerosol air freshener and deodorizer with a pleasant fragrance. It combats offensive odors and satisfies environmental concerns in a cost effective manner.

Uses & Directions

Use **CHERRY BLOSSOM** in locker rooms, garbage areas, apartments, mildewed carpets, gymnasiums, elevators, restrooms, animal cages, hallways, sinks and fire door areas. Cancels odors in an average size room within seconds, not just by masking them, but by neutralizing them completely by chemical action. And there's no overpowering sweet smell to cause anosmia or deadening of the olfactory nerves.

CHERRY BLOSSOM can also be added to cleaning solutions, such as floor cleaners, carpet shampoos, and general purpose cleaners or degreasers, to improve the perception of a just cleaned and well-maintained area.

As a space spray, dilute **CHERRY BLOSSOM** 4:1 with water. Hold trigger sprayer upright and point valve away from face. Spray upward into room forming a light fog. As a wetting spray use undiluted. Hold trigger or pump sprayer 12 to 16 inches from source of odor, and spray until a light wetting of the surface is obtained.

Health Hazard Summary

Hazard Statement: Irritating to eyes. Prolonged or repeated contact may irritate skin. High concentrations of mist or spray may irritate eyes, nose, and throat.

Specifications

Appearance Clear, pale amber liquid
Odor Bubblegum fragrance
pH 7 ± .5
Specific gravity 1.0
Solubility in water Complete
Use Dilution Up to 4:1 with water
Biodegradable Yes
Hard water tolerance Excellent
Phosphate None
Butyl Cellosolve None
Flash point None
Storage Stability Excellent, 1 year minimum

Package & Handling

55 gallon drum
6 gallon pail

JBC8000
JBC5822
