

D-SOLV

Heavy Duty Oven and Grill Cleaner

Product Description

D-SOLV is a fast acting, ultra heavy duty cleaner that removes greases and baked-on carbon from ovens, grills, hoods, rotisseries and drip pans. Can also be used on non-aluminum pots and pans, ceramic ware, glass, porcelain, iron and stainless steel.

This thick and clinging formula is designed to quickly saponify heavy grease buildups without multiple applications. Fast acting penetrants carry the active ingredients into and through the heaviest soils. Because it penetrates all the way through the soils, grease and grime quickly wipe away. Does not leave a strong and unpleasant odor. D-SOLV is ready-to-use and safe when used as directed.

Use D-SOLV in all food preparation areas such as kitchens of restaurants, cafeterias, schools, and health care facilities.

Uses & Directions

Product should be at room temperature before use. Apply a heavy coat of D-SOLV to walls, top and bottom of oven. Work from the back of the oven forward. Use coarse spray, brush, or sponge. Do not allow contact with thermocouples, as corrosion may occur. Allow to stand for 30 minutes. Hard crusted ovens may require a second application or the use of a green scouring pad for complete removal. Remove cleaner and soils, working from front to back. Rinse clean surfaces with water mixed with a small amount of vinegar, then wash surfaces as usual.

Health Hazard Summary

Causes serious eye damage. Causes severe skin burns and eye damage. May cause respiratory irritation. May be corrosive to metals.

Due to the highly alkaline nature of this formulation, **do not use** on aluminum, copper, galvanized steel, plastic composition tile, painted surfaces, self-cleaning and/or continuous cleaning ovens.

Specifications

Appearance ...	Clear, viscous, amber liquid
pH	13.5 - 14.0
Specific Gravity	1.43
Percent Active	100%
Flash Point	None
Dilution.....	Use as is
Foam	Low-Moderate
Hard water Tolerance	Excellent
Ammonia	None
Butyl	Yes
Phosphate	None
Storage Stability	Excellent, indefinite
Biodegradable Surfactants	Yes
USDA Registered?.....	Yes
