

## D-STAIN

### Peroxygen Destainer

D-STAIN Peroxygen Destainer delivers the power of Oxygen to remove stains, and odors from fabrics and carpets, plastics fiberglass, porcelain and ceramics, wood, concrete, and virtually any water washable surface. D-STAIN a powder so it is easy to ship and store, but when mixed with water, D-STAIN dissolves readily and releases up to 27% Hydrogen Peroxide.

Use D-STAIN as a pre-soak and bleach in commercial laundries and as a spot remover and additive in carpet cleaning. D-STAIN may also be used as a cleaner and deodorizer in showers and baths, kitchens and food processing areas, portable toilets, kennels and pet areas, and the like. Use as directed.

As an additive to laundry detergent, add 4-5 oz. per load. For heavy soils, use 6-8 oz. per load. As a carpet shampoo additive use 3 oz. per 5 gallons of solution in tank. In other areas where cleaning and deodorizing is desired, such as ice chests, camping gear, toilets, car upholstery and carpeting, boat cushions, lawn furniture, kennels, cat boxes, acoustic tiles, use a 3-5 oz. D-Stain solution with warm water, allow to stand for 20-30 minutes, longer when possible, then rinse with water. When dispensing through a pump sprayer, use only the type with a pressure relief valve.

### SPECIFICATIONS FOR D-STAIN

Appearance.....	White Granular Solid
pH.....	N/A
Specific Gravity.....	1.09
Percent Active.....	100%
Flash Point.....	None
Dilution:.....	2-8 oz. per gallon of water
Foam.....	None
Hard Water Tolerance.....	Excellent
Ammonia.....	Not Applicable
Butyl.....	Not Applicable
Phosphate.....	Not Applicable
Storage Stability.....	Excellent, 1 year under normal conditions
