

# FOAM-X/30

30% Silicone Emulsion Defoamer

## Product Description

**FOAM-X/30** is a water dilutable, concentrated industrial strength silicone emulsion designed to control foam in a wide variety of applications. FOAM-X/30 works effectively in very low concentrations, even in extreme pH conditions. Contains a preservative to guard against microbial growth. Applications for FOAM-X/30 include: Refineries, Chemical Plants, Resin Manufacturing, Textiles, Agrochemicals, Printing Fountain Solutions, Tank Wash Operations, Disposal Plants, Municipalities, Treatment Tanks, and Sewage Treatment Plants to kill unwanted or nuisance foam quickly, efficiently, and permanently.

## Uses & Directions

FOAM-X is great for Refineries, Chemical Plants, Resin Manufacturing, Textiles, Agrochemicals, Printing Fountain Solutions, Tank Wash Operations, Disposal Plants, Municipalities, Treatment Tanks, and Sewage Treatment Plants to kill unwanted or nuisance foam quickly, efficiently, and permanently. For process applications, the operator must determine the concentration of FOAM-X/30 based on the need at the time it is to be dispensed. One to 100 parts of active silicone per million parts foamer are sufficient to eliminate most foams. Begin trials with 100 ppm active silicone, as follows:

**4.5 oz in 1000 gal water**

## Health Hazard Summary

Causes irritation to eyes. Prolonged exposure may irritate skin. May cause gastrointestinal discomfort, including nausea, vomiting, diarrhea, etc if ingested.

## Specifications

Appearance .. Milky white, viscous liquid  
 Odor ..... None  
 Specific Gravity ..... 1.01  
 pH ..... 7-8  
 Percent Active ..... 30 %  
 Flammability ..... Non-flammable  
 Dilution with effluent..... > 3000 to 1  
 Evaporation rate ..... Very low  
 VOC's ..... None  
 Solubility in water ..... Complete  
 Biodegradable ..... Yes  
 Storage Stability ..... Excellent\*

\* 1 year minimum

## Package & Handling

55 gallon drum JCRE4410
