

MAGNUM D

Phase 2 of 2-Step Wash

Magnum D is a biodegradable, premium quality, heavy duty liquid cleaner and degreaser with a strong propylene glycol base. Exceptional as a second step in a two-step truck wash system. Contains no soap or phosphates; works equally well in soft or hard water. Ideal for removing excessive oily residues from painted or unpainted surfaces. Especially effective in the trucking industry for the removal of road film. Excellent for degreasing engines, marine engines, preparing metal prior to painting, cleaning painted and unpainted machines and equipment.

Heavy equipment cleaning, oil field cleaning, truck washing and degreasing, building cleaning and maintenance.

Can be diluted up to 1 to 30 with water. For extreme oil removal, use undiluted for quickest response. For marine engine cleaning, and under-hood auto and truck cleaning, dilute Magnum with up to 3 parts water. For chassis cleaning, general fleet washing dilute Magnum with up to 25 parts water. For internal tank washing and padding, use as needed per application.

SPECIFICATIONS FOR MAGNUM D

Appearance.....	Clear, pale amber
pH.....	13±.5
Specific Gravity.....	1.03
Percent Active.....	30-35%
Flash Point.....	None
Dilution.....	Up to 25:1 with water
Foam.....	Low-Moderate
