

## O.S.C. Emulsifiable Solvent Degreaser

O.S.C. Emulsifiable Solvent Degreaser is a non-petroleum green alternative to regular petroleum degreasers. O.S.C. is a blend of a non-petroleum, non-chlorinated solvents that are highly effective in removing oil, grease and tar and a biodegradable detergent and emulsifier that makes the product free rinsing and non-residual. O.S.C. readily dissolves and removes greasy soils from machinery, engines, and heavy equipment such as forklifts, tractors, oil rigs, etc. O.S.C. contains no petroleum distillates, comes from renewable sources, and is non-red label. Be clean and green with O.S.C.

When removing old carpet or tile this product provides an excellent means of cleaning leftover solvent-borne adhesives from the floor. The spent solution is water rinsable.

Do not dilute O.S.C. Just apply, agitate and rinse with water. It may be used with a flip top squirt bottle, sponge, rag or in larger areas, a mop.

### SPECIFICATIONS FOR O.S.C.

Appearance.....	Amber liquid, citrus odor
pH.....	7.0±.2
Specific Gravity.....	888 - .893
Flashpoint.....	120° F
Viscosity.....	Low
Dilution.....	None
Solvency.....	Excellent
Rinseability.....	Very good
Phosphate Builders.....	None
Chlorinated Solvents.....	None
Petroleum Distillates.....	None
Storage Stability.....	Store between 45° F and 100° F.
Freeze/Thaw Stability.....	Freezes below 20° F. If chilled or frozen, thaw; stir well and inspect for damage.

#### HMIS RATINGS
